

Student Mentoring Impact in 2023

Student Mentoring provides 5th and 6th year students with a mentor from the world of work. Mentoring directly impacts on school retention and gives students an insight into careers and the future working world as well as improving their soft skills and confidence.

“ My mentor believed in me when I didn't believe in myself. She motivated me to put the work in, and helped me realise it will be worth it in the long run. ”
